

Spiral Mixer NFJ-50

Description:

1. Both manual control panel and computer control panel are available.

So the operation of the product is convenient.

2. Besides the beautiful appearance, the stainless steel barrel is very easy to clean

3. The solid and durable dough hook makes for the high elasticity of the dough.

4. The belt, bearing and the motor are imported. Therefore, the spiral mixer has longer service life

Specification:

MODEL		NFJ-50
Capacity		130L
Voltage		3N~380V
Power		5.3 kw
Hook Speed	Fast	216 r/m
	Low	108 r/m
Dimension	Width	1,230 mm
	Length	710 mm
	High	1,180 mm
Weight		455 kg
